

Dear Don and Robin,

I just want to introduce myself to you so that you can know me. My name is Yai Lyai and I currently go by Mangong Noon which I will hopefully change to Yai in the coming month or two. I'm from Sudan and currently in school. I go to Colorado Christian University (CCU) located in Lakewood, CO. My major is Accounting and Business Administration.

As you have now known my name and my profile, I just wanted to say THANK YOU very much for being a part of my guiding angel! Your donation to my education has and will always be in my mine. It has never been easy for me to go to school but through your donation, I'm able to pursue my goals. I almost quitted school in 2004 due to the fact that I didn't have money to attend college, but the donation that went into Sudanese in KY Educational Fund help me resumes my education in 2005. Now, I'm one and a half year away from my Degree which sounds great to me.

Once I completed my education, my first goal would be going back to my country to see my Mom which I have lost for almost 21 years now. I will then use my educational skills to help those who are in need of help. Thanks once again! Your help means a lot to me and to all the Sudanese who are attending school. May God bless you and always guide you for the rest of your life! I hope that you will someday experience my work that I will do to others as you did to me. Giving our hands to the needy is the reason why I'm attending Christian college. Your example would always set the tone for the new generations to come!

Thanks for all that. Hope you will attend my graduation ceremony sometimes to come!

God Bless,

Mangong Noon (Yai Lyai)
